@CAElmbridgewest

We think the best advice service for young people is one developed by young people. Therefore, we have established a youth forum which gives 16-24's space to have their say about community issues they face in Elmbridge.

Members of the forum help shape and implement the ways we provide advice and support for young people. The forum help our staff make key decisions about how our advice service can best meet the needs of 16-24's.

Our aim

Our aim is to increase the number of 16-24's seeking advice and consultation from Citizens Advice Elmbridge (West).

We want to spread awareness to existing advice services whilst presenting workshops to the local community to help young people navigate through adult life.

How can we help?

Our staff are trained to advise on many topics including:

Our advisers will research your options and look at the possible outcomes of different courses of action.

They will not tell you what to do but help you make your own decisions based on the information they are able to give to you. All our advice is tailored to individual needs and is client focused.

About our work

We can all face problems that seem complicated or intimidating. At Citizens Advice we believe no one should have to face these problems without good quality, independent advice.

That's why we're here: to give people the knowledge and the confidence they need to find their way forward - whoever they are and whatever their problem.

Our Elmbridge West office!
